## A LETTER FROM KITSBY'S FOUNDER

*I've always loved the nostalgia that comes from baking. It takes me back to when we were young, when our loved ones would bake something sweet for us to enjoy. Those feelings of warmth and excitement that lasted long after the sweets were devoured inspired me to create Kitsby (Kits-by-you). Inspired by childhood memories of baking days past, Kitsby was made to bring people closer through sharing sweet moments and discovering unique, delicious desserts together. We are proud to introduce new flavors to friends and recreate seasoned favorites that take us back down memory lane, holding our roots close to heart while exploring new cultures and unexpected tastes. Always crafted with love, we hope you enjoy our baking products and dessert bar with those you hold dearest.*

- Amy Hsiao
